

## 下の計算問題の□に数字を記入して式を完成させてください 足し算⑨

「0」と「1」を使うのは禁止です

①  $\square + \square + \square = 31$

①  $\square + \square + \square = 33$

②  $\square + \square + \square = 19$

②  $\square + \square + \square = 37$

③  $\square + \square + \square = 8$

③  $\square + \square + \square = 15$

④  $\square + \square + \square = 26$

④  $\square + \square + \square = 47$

⑤  $\square + \square + \square = 40$

⑤  $\square + \square + \square = 50$

⑥  $\square + \square + \square = 18$

⑥  $\square + \square + \square = 39$

⑦  $\square + \square + \square = 11$

⑦  $\square + \square + \square = 16$

⑧  $\square + \square + \square = 27$

⑧  $\square + \square + \square = 7$
